SUBJECT: REVIEW OF DRAFT SAMPLING AND ANALYSIS PLAN FOR
POST-PHYTOREMEDIATION CHARACTERIZATION OF
FOUR CERCLA SITES AT ANL-WEST

Dear Mr. Jeffers and Mr. Wilkening:

Enclosed please find copies of the Sampling and Analysis Plan that DOE proposes to use to verify the achievement of remediation goals at four sites in Operable Unit 9-04 that have undergone phytoremediation since 1999. These sites are designated as ANL-01, ANL-01A, ANL-09, and ANL-35. This draft Plan is submitted for your review and comment. Your comments are requested by May 23, 2003 so that we can make the Plan final and implement it in early June of 2003. Your comments can be transmitted to our office by either hardcopy or electronic means.

Please contact Greg Bass of DOE AAO-W at 208-533-7184 or Scott Lee of ANL-West at 208-533-7829 if you have questions concerning this plan.

Sincerely,

A handwritten signature in cursive script, reading "Mark M. Holzmer".
